Re: Applying for a Refurbished Computer

Dear Computer Applicant,

Thank you for your interest in the New Horizons Un-Limited Computer Grant Program.

It is important to note that due to program constraints and overwhelming demand for our program, we have had to revise our eligibility criteria.

At this time, our program will only consider applications from individuals that have a **permanent physical disability that significantly limits their mobility** and / or **individuals that have a lifelong** (diagnosed at birth to 3 years of age) **developmental disability**.

Our program is also available to family caregivers that reside with their family members with disabilities.

Our grant program is competitive; with applications being approved on a case by case basis.

Before applying, please be certain to review our Eligibility Criteria, Application Approval Process, and Application Procedures thoroughly.

Along with your application, please return the following:

- A signed statement from your physician on his/her official letterhead verifying that your disability results in a permanent physical impairment or a lifelong (diagnosed at birth to 3 years of age) developmental disability.
- Disability Questionnaire
- Membership Form
 - You may contribute a \$20 Membership Donation or volunteer 4 hours
- Personal Written Request (Question 11 on the Application)
- Computer Usage Survey

Incomplete applications will not be accepted and will be returned.

If you have any questions, please do not hesitate to contact us at (414) 299-0124.

Sincerely,

NEW HORIZONS UN-LIMITED INC.
