

New Horizons Un-Limited 2016 GRASSROOTS Annual Appeal

Please Join Us in Our Grassroots Effort

Just once per year, New Horizons Un-Limited actively reaches out to our community for financial support. As a grassroots, non-profit organization we rely wholly on the contributions of businesses and individuals right here in our community. Without this support we couldn't provide our community members with disabilities the tools, training and encouragement they need to move forward in their lives.

Have you ever heard that old adage that we are only 6 degrees of separation away from everyone in the World? It's a fascinating concept! We believe the only way to ensure real change is to tap into this idea. You surely know someone who has been affected by disability, and they surely know others who know others.

Please think about everyone you may know who might have a connection to our mission and talk to them about the good things NHU is doing to support our community members with disabilities.

Please consider sharing our story and an attached donation form with two individuals who may be interested in supporting our work and the futures of our community members with disabilities. If you know more than two people, call us for additional copies of this flyer or download copies from our website:

NHU Talking Points

- ✓ NHU has supported individuals with disabilities in fulfilling their goals since 1994
- ✓ NHU provides information and referral via our accessible online directory of resources available at new-horizons.org

- ✓ NHU provides home access to Windows computers to those who would not otherwise have access to this important tool
- ✓ NHU provides basic computer literacy training and ongoing technical support to every computer recipient

- ✓ NHU provides hands-on training and experience in IT and Office Administration via temporary work experiences and internships
- ✓ NHU provides opportunities and tools to connect and mobilize individuals with disabilities toward social change
